# Financial Aid

**Need-based financial aid is available to help cover the costs of tuition (\$21,000 USD). We also offer financial aid to help cover some travel expenses in cases where students would not otherwise be able to participate.**

You'll be able to apply for financial aid during Step 2 of the admissions process. We strive to meet the financial needs of as many students as we can.

Equity is core to our mission. Our approach for determining financial aid is both need-aware and demographically-aware. We recognize that students from the Global South and those identifying as BIPOC are disproportionately affected by income inequality. Financial aid is just one way we can move closer to an equitable future.

## FINANCIAL AID MAY FULLY OR PARTIALLY COVER

- Tuition
- Round-trip flights to Cape Town, South Africa
- International travel medical insurance

## FINANCIAL AID DOES NOT COVER

- Vaccinations costs and fees
- Costs associated with retrieving health history forms or possible supplemental forms (if applicable)
- Passport & visa fees
- Laptop computer and smart phone required for this program
- Ground transportation to and from the airport in the student's home country
- Snacks, meals or other unexpected expenses while in transit to or from Cape Town
